

Peggy

Peggy is our volunteer of the month for October 2018!
Peggy began assistant teaching Pre-Literacy classes at Centro in March 2018 and has logged 40 hours!

After moving to the cities from Waterloo, IA, Peggy sought a place where she could share her skills and support immigrants. We are so glad another Centro volunteer encouraged her to connect with us. Peggy's love of learning & teaching initially motivated her to pursue opportunities in adult education: "Learning has opened so many doors for me so I just like to see other people learning."

Soon after Peggy joined us in her assistant role here, she enthusiastically offered more time as a volunteer Navigator helping students set and achieve their goals. When she is not assistant teaching Pre-Literacy on Thursdays, Peggy is most likely hanging out with her grandchildren, reading, walking, or trying new things (like kayaking).

Thank you for saying "yes" to these new adventures, Peggy!
We are happy to be "one of the best things that has happened" to you in a while!
