

Lindsay

Lindsay is our volunteer of the month for June 2018! Lindsay started teaching English classes at Centro in February 2018 and has logged over 20 hours!

Lindsay began assistant teaching at Centro to fulfill a volunteer requirement for a community-engaged learning class at the University of Minnesota. After she graduated in May, Lindsay agreed to take on a lead teacher position for the summer session before moving to Chile to teach English in July. Lindsay's favorite part about teaching at Centro is "feeling like I can make a small difference in peoples' lives."

When she is not teaching Beginner 2 on Mondays, Lindsay enjoys listening to music, watching movies (She works at a movie theater!), & collecting patches for her favorite jacket. We appreciate your dedication to our program and your willingness to continue teaching post-graduation!

Thank you for making a difference in our neighborhood, Lindsay!
We are grateful for you & wish you luck as you begin your new journey in Chile!
