

Dhan

Dhan is our student of the month for May 2018!

Dhan started taking English classes at Centro in February of 2018 and has logged over 80 hours!

Dhan came to the United States in December 2017 from Nepal. He has four children – two girls and two boys. He has been retired for some time because of his lack of eye sight and other health concerns.

Dhan has been enjoying his time in Minnesota. When not at school he enjoys watching TV, sleeping, and going to East Phillip's park to watch his grandchildren play.

Although Dhan has only been here for a short time, he has picked up simple English sayings and phrases quickly. He always shows up to Centro with a smile on his face, a happy "Good Morning!" and a hand shake.

Thank you for choosing Centro as your school, Dhan!
We're happy you're here!
