

Blanca

Blanca Cuzco is our student of the month for December 2018! Blanca has been taking English classes at Centro since June of 2017 and has logged over 120 hours!

Blanca visits her nephew, Juan Cuzco, about 3 times a year and faithfully attends English classes at Centro when she is here. In Ecuador, Blanca has 4 children and 17 grandchildren. She lives with her youngest son and cares for her family and works on their family farm.

When in Minneapolis, Blanca enjoys reading, cooking for the family, and exploring the nature Minnesota has to offer. She attended the Super Bowl festivities in February, traveled to Washington D.C. to fight for immigrant rights and spends time volunteering at Holy Rosary.

Blanca is learning English so she is able to communicate with employees when running errands and to better integrate into the Minneapolis community. When asked about her favorite part of Minnesota, she said she enjoyed the beauty in the summer, but was also quick to point out how wonderful the snow is.

Blanca is a joy to have as a student at Centro and we feel lucky that she visits us a few times a year!
