

# Cristina

Cristina is our student of the month for March 2019! Since beginning classes at Centro in 2011 she has logged 408 hours! Cristina is from Guerrero, Mexico and immigrated to Minnesota in April of 2004. She came with one of her sons to prepare their new home in the U.S and her husband and 2 other children joined her shortly after. Since building a new life in Minneapolis, her family has grown by 4 more.

Cristina has worked for Bailey Nurseries for 2 years and has enjoyed coming to Centro during the off season. When she's not working outside, Cristina is caring for her family and spends time enjoying all that Minneapolis has to offer.

When asked about Minnesota, Cristina said, "I it for my kids, and hope it provides better opportunities for them." While she is only able to be with us during the off season, she takes advantage of Centro's flexible schedule and says the teachers and staff treat her well.

Thank you for continuing to be a loyal student of ours Cristina!
