

Diane

Diane is our volunteer of the month for January 2019!
Diane has been teaching Pre-Literacy classes since June 2014 and has logged over 300 volunteer hours!

After retiring from teaching 4th & 5th graders for 42 years, Diane eagerly responded to an ad in her church bulletin to teach English at Centro. She is grateful that programs like Centro's exist and that there are people who appreciate and support immigrant communities.

Diane continues to be amazed by her students and their stories: "you learn as much from them as they do from you." She loves witnessing the way her students interact and communicate with one another across language and cultural barriers.

Additionally, Diane regularly donates school supplies for our students in the after school program. When she is not teaching Pre-Literacy on Tuesdays, Diane enjoys gardening; in the middle of winter, she dreams of summer and plans for her next garden.

Thank you for your consistent presence and support!
You are a gift, Diane!
